Altissimo-Plus™ Sit-Stand Workstation

KV is pleased to announce the introduction of the new Altissimo-Plus™ Sit-Stand Workstation. This contemporary rear-mount sit-stand workstation has been designed with market leading ergonomics and can easily be installed in minutes.

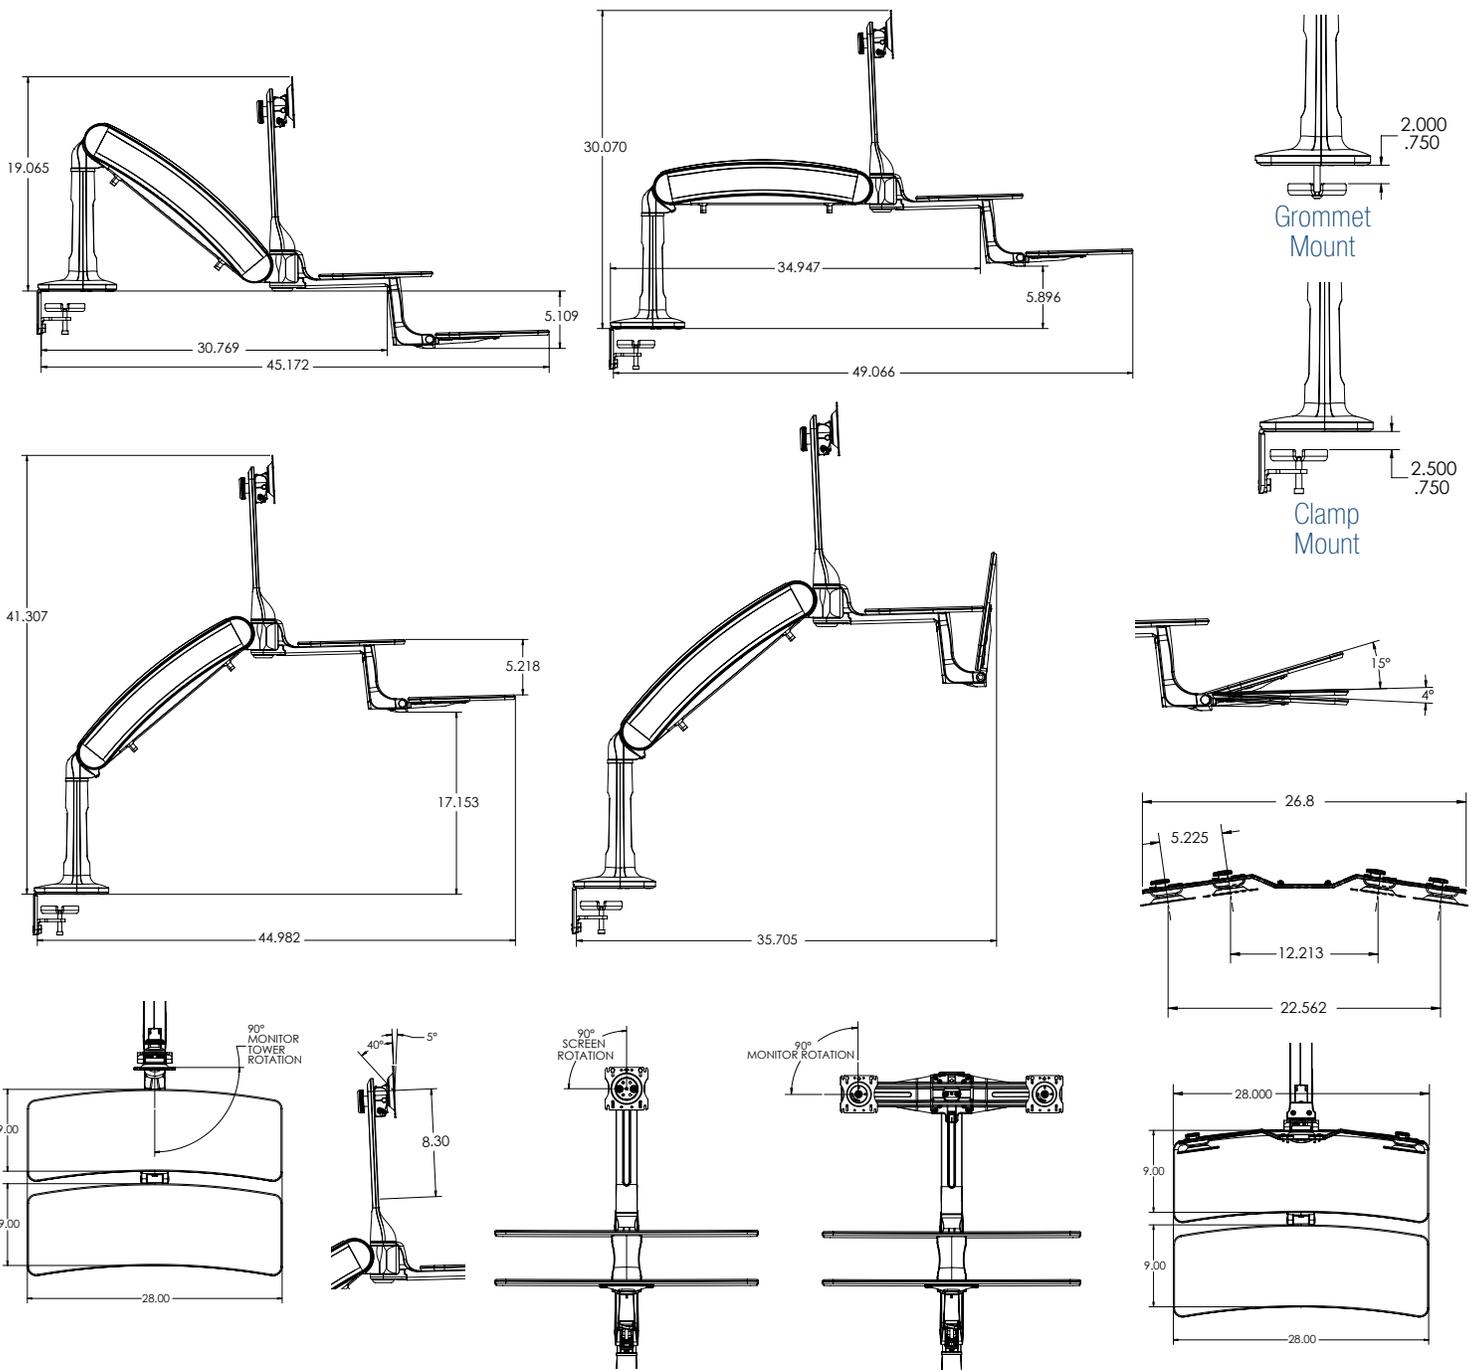

The Altissimo-Plus™ uses a gas assisted counter balanced arm to raise and lower a keyboard and secondary work surface through 22" of smooth acting height adjustment with industry leading stability.

To maximize the use of the desk surface the workstation can also be swung to the side when not in use. To provide even more functionality an optional dual monitor kit can securely support 2 x 24" monitors.

Beautifully designed, the Altissimo-Plus™ will complement every working environment and provide a sit-stand workstation that allows users to experience health benefits of the 'Sit-Stand Revolution'.

6032 and 6042 Series, Sit-Stand Workstation with keyboard tray and secondary work surface

Features	Benefits
Height adjustment range of 22"	Comfortably accommodates prolonged seated to standing positions for the majority of the population ranging from the 5th percentile seated female to the 95th percentile standing male
Preconfigured mounting base	The streamlined preconfigured base fits common desk thicknesses greatly reducing the installation time
6.5-24.5 lbs. total weight capacity (6032E3) 1.5-19.5 lbs. total weight capacity (6042E3)	Accommodates a wide range of technology requirements with balanced functionality
Well sized 9" x 28" keyboard and secondary work surface	Made of durable black vinyl wrapped MDF, the keyboard tray and secondary work surface provide ample space required for an effective workstation
Keyboard tray has 3.43" of independent height adjustment	Allows the user to position the keyboard tray in the best ergonomic working position
Adjustable keyboard tray angle	With 19° (+4°/-15°) of tilt, a personalized setting ensures maximum comfort and positioning flexibility
Integrated cable management system	Cable management clips easily enable the user to store all their technology cables neatly and securely
8.3" of independent monitor height adjustment	Use the soft touch knob, with safety monitor stop, to adjust the monitor height to desired positions
180° independent monitor swivel	Information sharing is seamless
Quick connect VESA plate	Saves time for quick installations and allows for easy removal of monitors for storage or security purposes
Available as either a single or dual monitor unit	Monitor flexibility allows end users to customize their technology solution
Grommet and clamp mount are provided	Installation versatility makes the Altissimo-Plus™ compatible with almost any desk or work surface and allows the arm to be positioned in the most suitable location to ensure optimal reach and positioning.
Integral pivot limiter	Limits arm to 180° rotation reducing damage to walls and office cubicles
TAA Compliant	A requirement of many governmental purchasing contracts
Available in black	A contemporary color to match any office décor
5 Year Warranty	The Altissimo-Plus™ has been product tested to over 20,000 cycles exceeding the industry standard by 100% ensuring consistent performance and flexibility

Altissimo-Plus™ Sit-Stand Workstation
