8482YD00

TENOR™ Trackless Keyboard Arm

The Tenor trackless keyboard arm, engineered to fit workspaces such as height adjustable tables and benching systems, where space is limited and conventional track mounted keyboard arms will not fit. This revolutionary new product provides the user with Lift-N-Lock™ capability, dial tilt and separate height and tilt gauges and functionality that can only be found on high end keyboard arms.

8482 series

Features	Benefits
Direct Mount, no track required	Full storage in 9 3/8" undersurface space
Total height adjustment of 5.73" (-1.25" to -6.98" under the desk surface)	Exceeds HFES & BIFMA 5 th percentile seated keyboarding heights (HFES 22" BIFMA 22.6")
Enhanced patented Lift-N-Lock™ braking mechanism	Easy height adjustment, providing superior lock up and stability with infinite adjustment
Soft Touch Knob Dial Tilt with +10° to -15° tilt angles	ADA Compliant tilt adjustment with easily accessible tilt knob
Low profile tray head	Greater knee clearance under desk surface
Separate height and tilt gauges	Allows accurate, repeatable tray placement
360° of Swivel	Allows side to side arm movement
Optional factory or field installable tilt lockout available	Locks out positive tilt for specific ergonomic applications or users preference
Optional glide track available	Provides increased storage where space permits

TENOR™ Trackless Keyboard Arm 8482 series

Ancillary Products:

- Use with Knap & Vogt Waterloo CPU holders
- For full storage of the 8482D00 use the Knap & Vogt 6463A79 or 6463A81 Black HDPE Mini Trays
